4. Living things can't Move grow, breath, drink or eat. ( )
5. A baby can grow. ( )

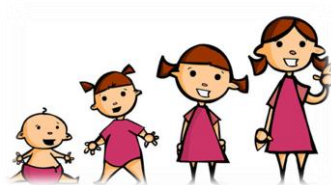

Q2.Living organisms can

Breathe	Move	Grow	Drink	Have babies
---------	------	------	-------	-------------

Put the correct word under the picture :

--	--	--

--	--

Q3. Think about two living things and two things that are nonliving things

Living things	Nonliving things
1. 2.	1. 2.

Q4. Living or nonliving?

Living OR Non-living?

Look at the pictures below. Which ones are examples of **living things** and which ones are not? Place a green circle around all of the pictures of living things. Draw a red X over all of the non-living things.

Q5. Which one are nonliving?

*Which Ones Are Non-Living?*

The new island is loaded with things to see. Circle the pictures of the non-living things that we found on our latest hike.

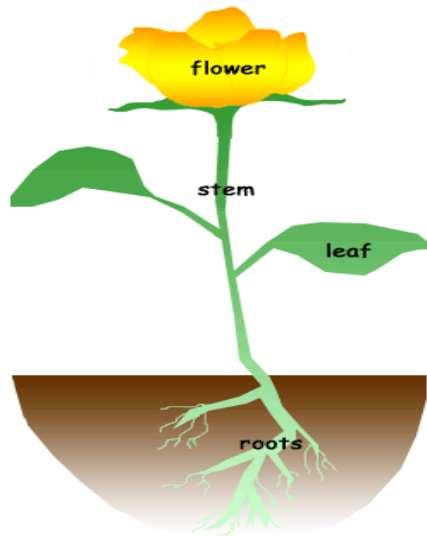

A 3x3 grid of illustrations:

- Row 1: A purple backpack, a white daisy flower, and a wooden hairbrush.
- Row 2: A grey rock, a pink worm, and a brown piece of bread.
- Row 3: A green turtle, a pair of white socks, and a pink seashell.

## Unit2: Plants

### 1. Parts of the plant

### 2. Plants need four things to grow

1.Sunlight

2.Air

3.water

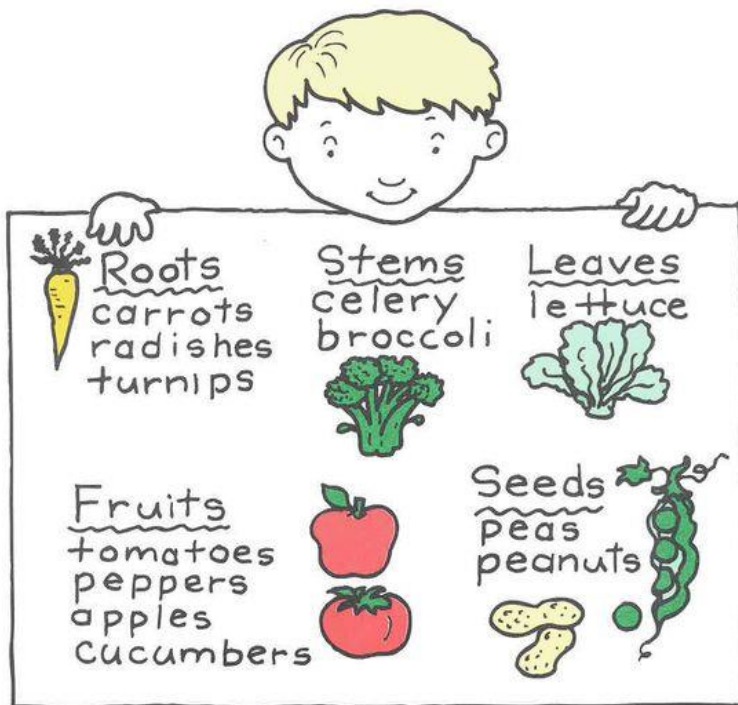

4.soil

3. Plants are very important, They give us Food and materials.

Examples:

Food	Materials
Fruits	Cotton
Vegetables	Perfume
oil	Wood
	paper

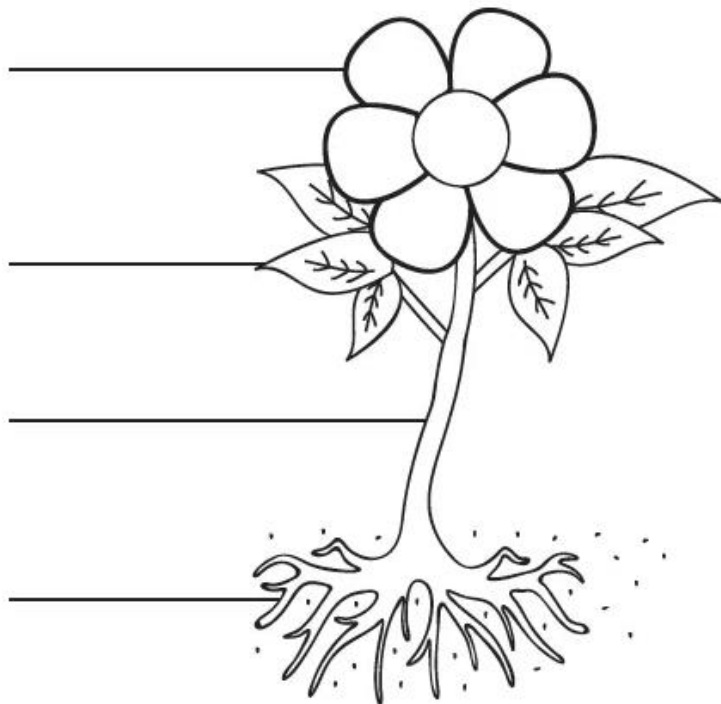

4. We eat different part of the plant:

Based on what you have learned answer the following questions.

Q1. Label the plants parts:

Flower	Leaves	Stem	Roots
--------	--------	------	-------

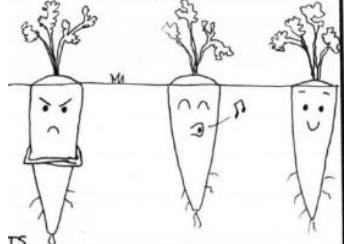

Q2. Choose the correct answer:

1. Plant give us  
(Cars – Food and materials)
2. We can get wood from  
(Trees- animals)

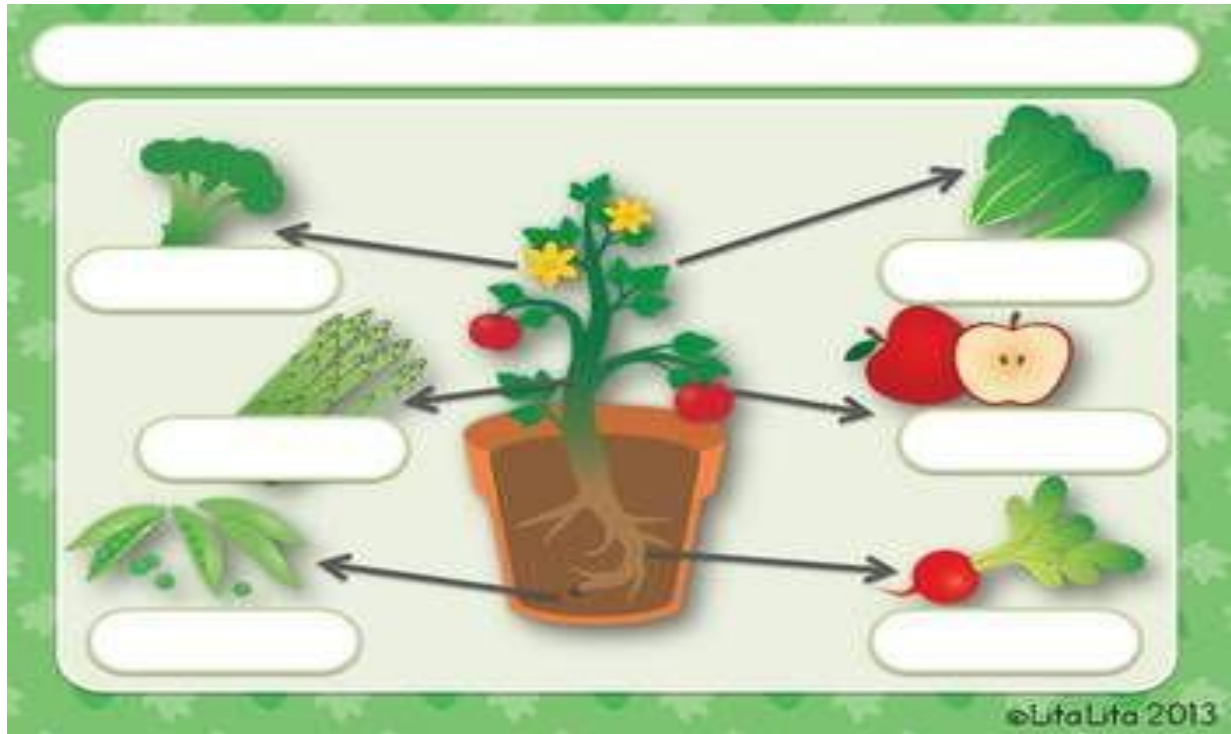

Q3. Match

(a) <u>Roots</u>
(b) <u>Leaves</u>
(c) <u>Seeds</u>
(d) <u>Stem</u>

 <p>( ) Sugarcane</p>
 <p>( ) Spinach</p>
 <p>( ) Peas</p>
 <p>( ) Carrots</p>

Q4. Which part of the plants I can eat?

Q5. Circle all the things that plants need to grow.:

## What Do Plants Need?

Circle all the things plants need to grow.

 light	 barn	 tooth brush	 air
 boots	 shovel	 fence	
 soil	 candy	 ballons	 water
